

Australian Bush Hat

Darren Scott darren@floppyfish.net

1. Start with a heavy sheet of paper. Coloured side up. Wet folding is recommended. Valley fold in half horizontal and vertical then turn over.

2. Now the diagonals.

3. Using existing creases form a waterbomb base.

4. Fold 1/3 of the width over and then sink inside the waterbomb base. The following steps will be completed on all 4 flaps.

5. Fold the new edge to the center and unfold.

6. Fold to the crease made in step 5 and unfold then squash fold using the crease made in step 5.

7. Pull out the flap and refold along existing creases.

8. Fold indicated flap behind.

9. Repeat steps 4 to 8 on the remaining 3 flaps.

11. Inflate the model squashing the brim flat.

10. These flaps are below the top layer and are used to lock the sides in place. There are 8 valley folds in total.

12. Round the brim by making the following mountain folds on all 4 corners. Note the corners have excess paper. These folds are done to taste.

13. Now double sink the top and curve the sides to form the final effect.

14. Complete.
